SAUDI ARABIA

LOCAL PRESENCE. GLOBAL EXPERTISE.
ONE COMMITMENT.

STRATEGIC PARTNERSHIP

Meem Systems LTD is proud to establish a strategic partnership with **ExCOMPLIANCE SDN. BHD.**, combining Saudi local capabilities with internationally recognized expertise in Hazardous Area Engineering, IECEx compliance, inspection, certification, training, and technical consultancy.

Through this partnership, we provide comprehensive engineering solutions that meet international standards while supporting the operational and regulatory requirements of industries across the Kingdom of Saudi Arabia.

SAUDI LOCAL PRESENCE
Strong local presence and understanding of Saudi regulations

INTERNATIONAL EXPERTISE
Access to globally recognized IECEx specialists

IECEx SPECIALISTS
Certified engineers with proven competency

ENGINEERING EXCELLENCE
High quality engineering in compliance with IEC standards

TECHNOLOGY DRIVEN
Advanced inspection software and digital solutions

LONG-TERM PARTNERSHIP
Committed to long-term success and value creation

ABOUT OUR STRATEGIC PARTNER

ExCOMPLIANCE SDN. BHD.

ExCOMPLIANCE is a leading hazardous area consulting and engineering company based in Malaysia with extensive experience in IECEx services, inspection, maintenance, engineering, certification, and training.

- IECEx Recognized Competency
- Experienced Ex Engineering Team
- International Projects
- Engineering Excellence
- Commitment to Safety and Compliance

15+
YEARS OF EXPERIENCE

LOCAL EXECUTION

PARTNERSHIP ADVANTAGES

INTERNATIONAL ENGINEERING EXPERTISE
Access to internationally experienced IECEx engineers and proven engineering methodologies.

LOCAL SAUDI SUPPORT
Fast response, local execution and dedicated customer support across Saudi Arabia.

END-TO-END SOLUTIONS
Training, inspection, maintenance, engineering, certification and consultancy under one partnership.

KNOWLEDGE TRANSFER
Continuous transfer of technical knowledge and international best practices.

DIGITAL SOLUTIONS
Modern inspection software, digital reporting and data-driven decision support.

LONG-TERM TECHNICAL SUPPORT
Lifecycle support for hazardous area assets to ensure safety, reliability and compliance.

SAFETY FIRST

QUALITY DRIVEN

INTEGRITY ALWAYS

OUR HAZARDOUS AREA SERVICES

We provide end-to-end IECEx compliant solutions to ensure safety, reliability and compliance in hazardous environments.

1. IECEx TRAINING & PERSONAL COMPETENCY (ALL MODULES)

IECEx recognized training programs and certification for personnel competency including all IECEx modules (Ex 001 to Ex 012).

2. IECEx INSPECTION

Comprehensive inspection services in accordance with IEC 60079-17 and IECEx requirements for all types of Ex equipment and installations.

3. EX MAINTENANCE

Preventive, corrective and breakdown maintenance for Ex equipment ensuring integrity, safety and reliability.

4. EX DOSSIER / REPORT

Preparation of Ex dossiers, inspection reports, maintenance reports and compliance documentation.

5. EX AREA CLASSIFICATION

Hazardous area classification for gas and dust environments in accordance with IEC 60079-10.

6. EX AUDIT

Independent Ex audits to assess compliance with IEC standards, company procedures and regulatory requirements.

7. EX DESIGN AND ENGINEERING

Engineering design, calculation, equipment selection and drawings in line with IEC 60079-14 and international standards.

8. EX EQUIPMENT CERTIFICATION / RECERTIFICATION

Certification and recertification support for Ex equipment including assessment, testing coordination and documentation.

9. EX INSPECTION SOFTWARE

Advanced digital inspection software for data capture, reporting, analytics and asset integrity management.

10. EX CONSULTATION

Expert consultation for compliance, risk assessment, technical support evaluation and operational improvement.

ONE PARTNERSHIP. COMPLETE EXCELLENCE.

WHY CHOOSE MEEM SYSTEMS & ExCOMPLIANCE

Our strategic partnership delivers unmatched value through expertise, technology and commitment to safety and compliance.

IECEX EXPERTS

Certified and experienced IECEx engineers with deep knowledge and proven capability.

INTERNATIONAL STANDARDS

All services aligned with IEC 60079 series, IECEx, ATEX and other international standards.

LOCAL SAUDI SUPPORT

Strong local presence across Saudi Arabia for fast response and on-site support.

DIGITAL REPORTING

Advanced inspection software and digital reports for accuracy, traceability and real-time data.

FAST RESPONSE

Efficient communication and rapid deployment to minimize downtime and ensure continuity.

ENGINEERING EXCELLENCE

End-to-end engineering solutions with high quality and innovative approaches.

SAFETY FIRST

Our highest priority is the safety of people, assets and the environment.

STRATEGIC PARTNERSHIP

A long-term partnership built on trust, collaboration and shared success.

Delivering International Expertise with
Local Saudi Excellence

ONE COMMITMENT**

In Strategic Partnership with
ExCOMPLIANCE
SDN. BHD.

INDUSTRIES WE SERVE

Our hazardous area expertise supports a wide range of industries where safety, reliability and compliance are critical.

We deliver engineering solutions that protect people, assets and operations in the most demanding environments.

OIL & GAS

Upstream, midstream and downstream facilities.

REFINERIES

Ensuring safe and compliant refinery operations.

PETROCHEMICAL

Supporting complex chemical processes with Ex solutions.

LNG PLANTS

Reliable engineering for LNG production and processing plants.

OFFSHORE PLATFORMS

Enhancing safety in offshore hazardous environments.

POWER PLANTS

Ex solutions for conventional and renewable power facilities.

MINING

Protecting equipment and personnel in hazardous locations.

MANUFACTURING

Improving safety in production and industrial processes.

PHARMACEUTICAL

Compliance-driven solutions for critical pharma environments.

STORAGE TERMINALS

Safe handling and storage of flammable liquids and gases.

**ACROSS MULTIPLE SECTORS.
ONE COMMITMENT.
SAFETY. COMPLIANCE. EXCELLENCE.**

- ✓ International Standards
- ✓ Local Execution
- ✓ Engineering Excellence
- ✓ Operational Reliability
- ✓ Sustainable Solutions

2. IECEx INSPECTION

Comprehensive inspection services in accordance with IEC 60079-17 and IECEx requirements for all types of Ex equipment and installations.

Our certified inspectors provide thorough assessment, accurate reporting and practical recommendations to ensure ongoing compliance and safety.

OUR INSPECTION SERVICES

PRE-INSPECTION PLANNING

Review of documentation, drawings, certificates and previous reports.

VISUAL & DETAILED INSPECTION

On-site inspections using IEC 60079-17 latest edition requirements.

FUNCTIONAL TESTING

Verification of performance, protection methods and safety functions.

DOCUMENTATION & RECORDING

High quality data capture, photos and digital documentation.

REPORTING

Comprehensive inspection reports with findings and recommendations.

NON-CONFORMANCE IDENTIFICATION

Identification of defects, risks and non-compliant items.

RECTIFICATION SUPPORT

Technical guidance for corrective actions and re-inspection.

COMPLIANCE CERTIFICATION SUPPORT

Support for IECEx certification and regulatory compliance.

INSPECTION COVERAGE

- ✓ Electrical Equipment
- ✓ Lighting Systems
- ✓ Instrumentation
- ✓ Cabling & Glands
- ✓ Earthing & Bonding
- ✓ Ex Installations
- ✓ Control Systems
- ✓ Hazardous Area Integrity

OUR INSPECTION PROCESS

01

PLAN

Understand scope and requirements

02

INSPECT

On-site inspection and testing

03

EVALUATE

Evaluate results and compliance

04

REPORT

Detailed report with findings

05

FOLLOW UP

Recommendations and re-inspection

KEY BENEFITS

Ensure Compliance with IECEx & IEC Standards

3. HAZARDOUS AREA CLASSIFICATION & ENGINEERING

We provide professional hazardous area classification and engineering services in accordance with international standards to ensure safety and regulatory compliance.

OUR SERVICES

HAZARDOUS AREA CLASSIFICATION

Classification of hazardous areas in accordance with IEC 60079-10-1.

ENGINEERING & DESIGN

Preparation of area classification drawings, equipment layouts and technical specifications.

RISK ASSESSMENT

Detailed risk assessment and determination of hazardous zones.

DOCUMENTATION

Comprehensive reports, drawings and data for compliance and approvals.

ENGINEERING REVIEW

Review of existing designs and verification of compliance with applicable standards.

TECHNICAL SUPPORT

Ongoing technical support for authority submissions and project execution.

STANDARDS WE APPLY

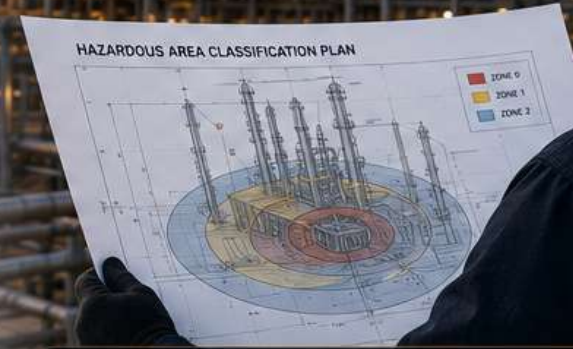

- ✓ IEC 60079-10-1:2020
- ✓ IEC 60079-10-2:2015
- ✓ IEC 60079 Series
- ✓ API RP 500
- ✓ NFPA 497
- ✓ Local Authority Requirements

OUR METHODOLOGY

- 01 DATA COLLECTION**
Gather process, equipment and layout information.
- 02 HAZARD IDENTIFICATION**
Identify sources of release and assess likelihood.
- 03 ZONE CLASSIFICATION**
Determine hazardous zones based on standards.
- 04 DOCUMENTATION & REVIEW**
Prepare reports, drawings and conduct peer review.
- 05 DELIVERY & SUPPORT**
Deliver final documentation and provide ongoing support.

Accurate classification today,
safe operations tomorrow.

4. MAINTENANCE, REPAIR & RECTIFICATION

Ensuring the reliability and safety of your Ex equipment and installations through expert maintenance, repair and rectification services by certified professionals.

OUR SERVICES

PREVENTIVE MAINTENANCE

Scheduled maintenance programs to prevent failures and extend equipment life.

CORRECTIVE MAINTENANCE

Prompt repair of faulty equipment to minimize downtime and ensure safety.

DEFECT IDENTIFICATION

Thorough inspection and fault analysis to identify issues and root causes.

RECTIFICATION SERVICES

Certified rectification of non-compliances in accordance with IEC 60079 standards.

PERFORMANCE OPTIMIZATION

Improve reliability and efficiency of Ex systems and equipment.

REPORTING & DOCUMENTATION

Detailed reports, certificates and records for compliance and audit purposes.

“ Reliable equipment.
Safe operations.
Continuous performance.”

KEY BENEFITS

- ✓ Minimize Downtime & Disruption
- ✓ Ensure Compliance & Safety
- ✓ Extend Equipment Life
- ✓ Reduce Operational Costs
- ✓ Improve Reliability & Performance

OUR MAINTENANCE PROCESS

01
PLAN

Assess requirements and plan scope

02
INSPECT

Inspect equipment and identify issues

03
REPAIR

Execute repair with quality workmanship

04
RECTIFY

Resolve non-compliances and verify correction

05
TEST & VERIFY

Test and verify for safe and reliable operation

06
REPORT

Issue reports and maintain records

CLIENTS WE SUPPORT

5. COMMITMENT TO SAFETY & EXCELLENCE

At Meem Systems Ltd, safety is not just a priority – it is our culture. Through our strategic partnership with ExCOMPLIANCE, we deliver world-class hazardous area solutions that protect people, assets and the environment.

We are committed to providing reliable, compliant and innovative services that exceed expectations and create long-term value for our clients.

CERTIFIED. COMPETENT. COMMITTED.

WHY PARTNER WITH US?

Experienced Professionals

Certified experts with years of industry experience.

International Standards

Services aligned with IECEx, IEC and global best practices.

Local Presence Saudi Arabia

On-ground support and fast response across the Kingdom.

Fast Turnaround Time

Efficient processes for quick mobilization and delivery.

End-to-End Solutions

From classification to maintenance – we cover it all.

OUR COMMITMENT PILLARS

SAFETY FIRST

We prioritize the safety of people, facilities and the environment in everything we do.

QUALITY ASSURED

We deliver services that meet international standards and industry best practices.

CLIENT FOCUSED

We build strong relationships through trust, transparency and reliability.

CONTINUOUS IMPROVEMENT

We embrace innovation and continuous learning to deliver better results.

SUSTAINABLE FUTURE

We are committed to sustainable practices that support a safer and cleaner future.

Partnering for a **safer tomorrow**, delivering **excellence** today.

MEEM SYSTEMS LTD

6. INNOVATION, TECHNOLOGY & CONTINUOUS IMPROVEMENT

We embrace innovation and leverage advanced technologies to deliver smarter, safer and more efficient hazardous area solutions.

OUR INNOVATION FOCUS AREAS

SMART INSPECTIONS
Digital checklists, mobile applications and real-time reporting for higher accuracy and efficiency.

ADVANCED TECHNOLOGY
Use of drones, thermal imaging, and IoT sensors to enhance data collection and risk assessment.

DATA DRIVEN DECISIONS
Data analytics and performance dashboards to support proactive maintenance and risk mitigation.

SAFETY BY DESIGN
Engineering solutions that integrate safety from concept to commissioning.

KNOWLEDGE & TRAINING
Continuous learning programs to keep our team and clients ahead of industry changes.

SUSTAINABLE SOLUTIONS
Committed to responsible practices that protect people, assets and the environment.

OUR TECHNOLOGY PARTNERS

“ Technology drives our solutions.
Continuous improvement
drives our success.”

OUR CONTINUOUS IMPROVEMENT CYCLE

TECHNOLOGY & TOOLS WE USE

MOBILE INSPECTION PLATFORMS
Paperless inspections with instant reporting.

DRONES & THERMAL IMAGING
Safer, faster and more accurate inspections.

CLOUD BASED SYSTEMS
Secure data storage and collaboration.

ANALYTICS & DASHBOARDS
Real-time insights for better decision making.

OUR IMPACT

30%
Reduction in incidents & risks

25%
Improvement in response time

20%
Increase in operational efficiency

7. OUR EXPERIENCE & TRACK RECORD

9. LET'S BUILD A SAFER FUTURE

At Meem Systems Ltd, we are committed to protecting people, assets and the environment through reliable hazardous area solutions. Let us be your trusted partner in safety and excellence.

WHY PARTNER WITH MEEM SYSTEMS LTD?

- ✓ Proven track record in hazardous area services
- ✓ Certified experts and skilled workforce
- ✓ Compliant with international standards
- ✓ End-to-end solutions under one roof
- ✓ Fast response and on-time delivery
- ✓ Commitment to safety, quality and integrity
- ✓ Long-term partnership for sustainable growth

Safety is not just a requirement,
it's our responsibility.
Excellence is not just a goal,
it's our standard.

OUR VALUE TO YOU

Risk Mitigation

Reduce hazards and ensure compliance.

Cost Efficiency

Optimize costs with reliable and efficient solutions.

Operational Excellence

Improve uptime and operational performance.

Trusted Partnership

Work with a partner who understands your goals.

Sustainable Solutions

Deliver solutions that protect people and the planet.

Quality Assurance

Quality you can trust, every time.

READY TO WORK TOGETHER?

We are ready to support your projects with safe, reliable and compliant hazardous area solutions.
